Innovative, adaptable software developer with a passion for clean code and efficient solutions. Skilled in multiple programming languages and frameworks, with a track record of successful collaboration in team environments. Eager to contribute expertise to drive software development excellence.

EDUCATION

Mohawk College, Hamilton, ON

Computer System Technician – Software Support
May 2023

- **Dean's Honor List**

- Relevant Coursework: Mobile Web Programming (ReactJS), DSA, .NET, MVC, JavaScript, HTML & CSS

- Grade: **84.4 %**

EXPERIENCE

Personal Projects
Jan 2022 – Jan 2023

Web Pages

Developed dynamic web pages using HTML, CSS, JavaScript, and ReactJS, ensuring responsiveness across devices.

Web Applications

Created interactive web applications with mapping functionalities using APIs to enhance user experience.

App Development

Designed and implemented a mobile application with login/signup features and integrated Firebase Realtime Database for real-time data tracking.

Daan App

Currently engaged in the development of an application aimed at facilitating user interaction, authentication, and profile creation using **MERN Stack**. The project includes features such as secure login functionality, profile creation, image uploading for item details, a donation system for users to contribute items, and a communication platform for users to request donated items from others.
